

## “Blue Dot” Checkout Permission For 4<sup>th</sup> and 5<sup>th</sup> Graders

The “Blue Dot” section books in the TKA Library are so designated because they generally contain more mature themes, and in the past have been reserved for older students. For example, the main characters may be teenagers dealing with teen issues, or the book may contain more violence than typical Lower School books.

These books may be checked out by 4<sup>th</sup> and 5<sup>th</sup> graders only with parental approval. If you desire your child to be able to check out these books, please indicate below.

Please note: Any Lower School student wishing to *test* on Blue Dot books must still abide by the LS Accelerated Reader policy. That is, any book must be within his/her Reading Range in order to test on the book.

\_\_\_\_\_ has my permission to check out  
Blue Dot books. I have read and understand the information above.
