Job Description

High School Science Teacher

SUMMARY

The King's Academy is currently accepting applications for a High School Science teaching position for the 2024–25 school year. All faculty and staff are expected to play an integral role in the spiritual lives of students. This includes integration of a Biblical worldview into their subject matter and lessons. In addition to teaching, coaching opportunities are available.

QUALIFICATIONS

A bachelor's degree from an accredited college/university is required. Advanced degrees and in-field certification would be advantageous. The candidate must be a committed Christian. Previous teaching experience is preferred. Knowledge of educational technology and how to integrate it into the classroom is required. Experience and willingness to assist with extracurricular activities would be beneficial.

APPLICATION DEADLINE

Please send a cover letter and resume to Head of School David Raines at draines@tkaflorence.com The position will remain open until filled.
